About Kerone

KERONE now renowned name in serving specialized need of customers with best quality and economical process Heating /cooling and drying products, manufactured in high quality environment by well trained and qualified workforce(special purpose machineries) .

KERONE is pioneer in application and implementation engineering with its vast experience and team of professionals. KERONE is devoted to serve the industry to optimize their operations both economically and environmentally with its specialized heating and drying solutions.

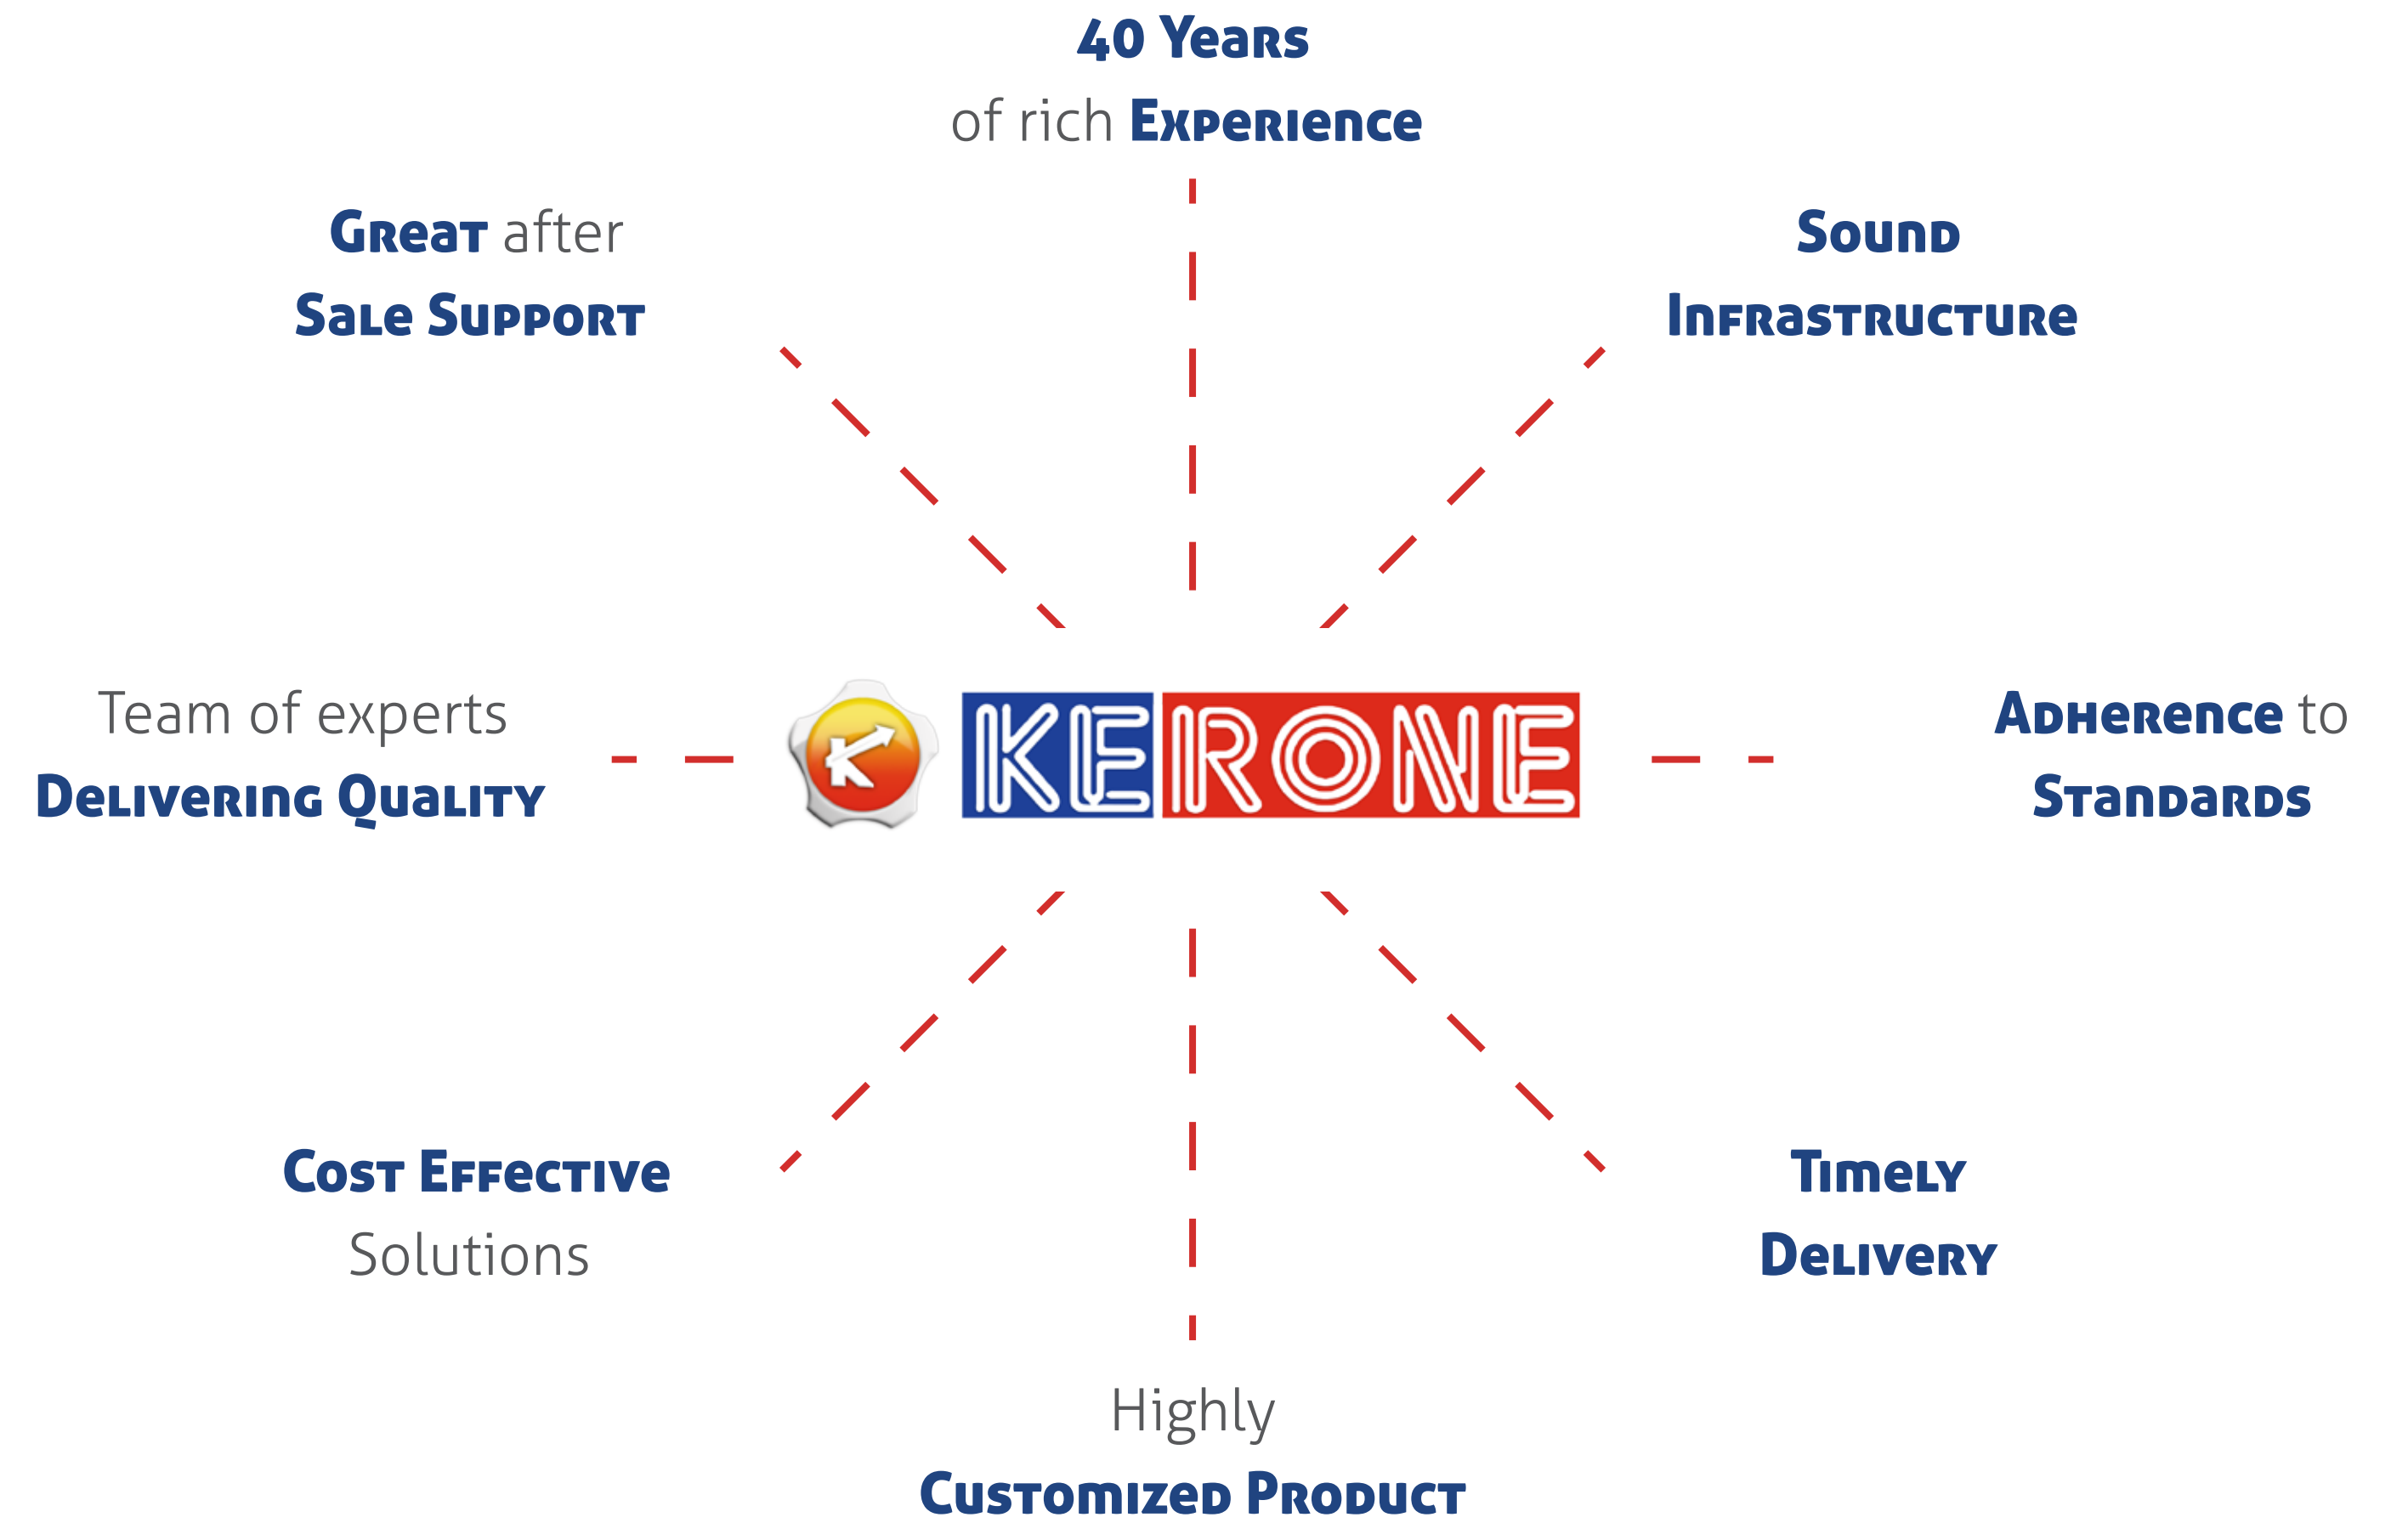

“Enhance the value of customer operation through our customer need centric engineering solution”

Mission

- To enhance the value of customer operation through our customer need centric engineering solution.
- We are committed to provide our customers, unique and best in class products in Industrial heating, drying and cooling segment, with strategic tie-up for the technical know-how with renowned leader in the industry specific segment.

Vision

- Turn into world leader in providing specialized, top-notch quality and ecological industrial heating, cooling and drying solution across the globe.
- To attain global recognition as best of quality and environment friendly engineering solution company.

Introduction to Infrared Oven

KERONE is named among leading name for design, manufacture and export various rating of Infrared ovens (IR ovens) designed only after studying detailed need of client.

Proper source and wavelength of infrared radiation is one of the prime requisite of infrared oven, the infrared red ovens manufactured at KERONE are using best quality radiator, outer and inner body designed with best quality material.

Infrared ovens are being widely used in various applications like paint finishing, powder coating, plastic moulding, ink drying, automobile, audio accessories, stationery etc.

Types of emitters are reflector **heat lamp**, **quartz tube** and **ceramic emitter**. Rapid heating of the product and low energy cost as the heat is targeted to the required surface.
