About Kerone

KERONE now renowned name in serving specialized need of customers with best quality and economical process Heating /cooling and drying products, manufactured in high quality environment by well trained and qualified workforce(special purpose machineries) .

KERONE is pioneer in application and implementation engineering with its vast experience and team of professionals. KERONE is devoted to serve the industry to optimize their operations both economically and environmentally with its specialized heating and drying solutions.

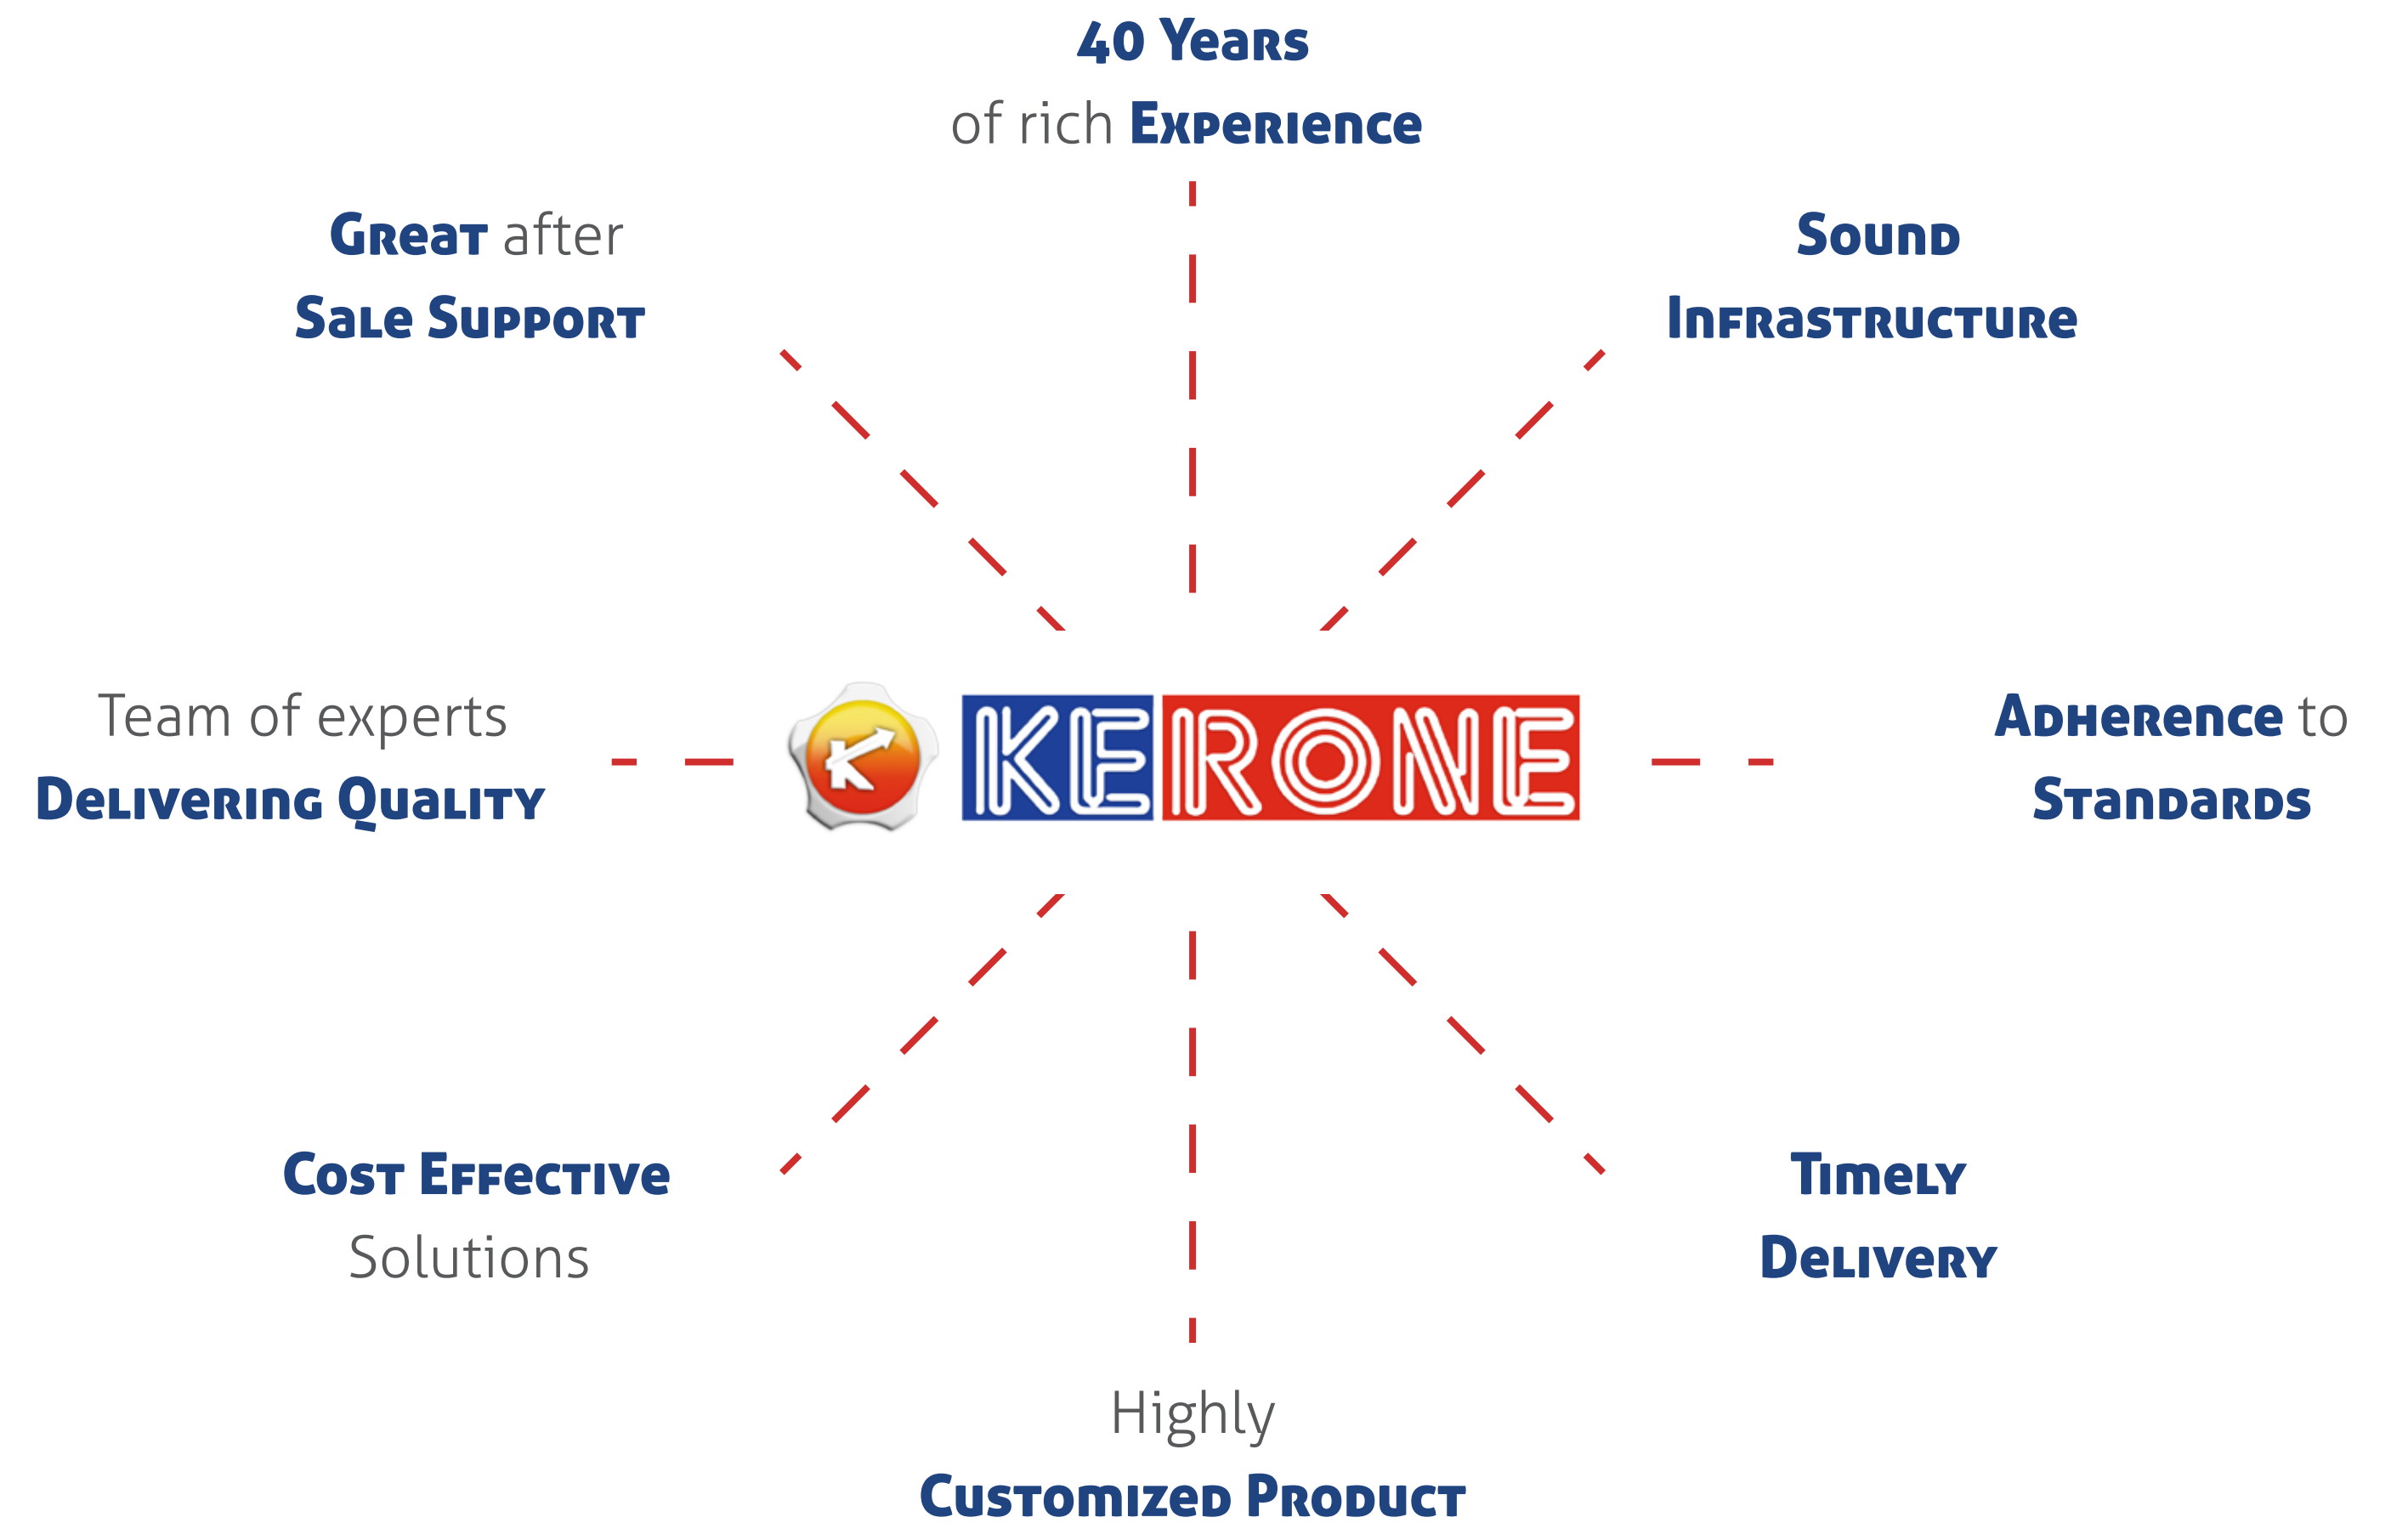

“Enhance the value of customer operation through our customer need centric engineering solution”

Mission

- To enhance the value of customer operation through our customer need centric engineering solution.
- We are committed to provide our customers, unique and best in class products in Industrial heating, drying and cooling segment, with strategic tie-up for the technical know-how with renowned leader in the industry specific segment.

Vision

- Turn into world leader in providing specialized, top-notch quality and ecological industrial heating, cooling and drying solution across the globe.
- To attain global recognition as best of quality and environment friendly engineering solution company.

Introduction to Web Dryer / Sheet Oven

KERONE offers a wide variety energy efficient electric IR heating equipment for continuous sheet/web processing. Some applications include drying ink, adhesives and coatings; preheating for embossing or thermoforming; curing or fusing vinyl, silicone and neoprene; sintering Teflon; post heating, converting and heat-setting textiles and fiber reinforced polymers.

We welcome the opportunity to review your heating process. Please feel free to contact our sales engineers so together we can provide a clean efficient solution to help you start saving money.
